

Press Release

The notice of attending to CEBIT2018

2nd May 2018

Megalith IT Alliance will exhibit at CEBIT (CeBIT) 2018, the world's largest IT exhibition held in Hanover, Germany, 12 – 15 June, 2018.

CEBIT is one of the most prominent exhibitions of all IT systems and is a large exhibition gathering not only the host country Germany but also IT staff from all over the world.

It is approved by JETRO as an exhibitor that can participate in the 'Japan Pavilion' exhibited by the Japan External Trade Organization (JETRO), and will be exhibited in the form of borrowing a part of it.

It is the first attending to the exhibition, so it is a small booth, but we are planning to appeal our services to potential customers around the world.

We know a lot of people about our philosophy; "Invisible, but Invincible", and I am intensely saying, "Even if there is any difficulty going forward" I would like to utilize it as a stage showing serious intentions.

At the same time, we would like to strongly support and contribute to the marketing activities of SMEs around the world by using the sword called ICT by introducing the various services that we are developing and actually using the service We believe.

(Appendix)

(Ground and hall layout plan)

- JETRO Japan Pavilion is located in Hall 12. It is a place closer to Hall 11 and restaurants are located in the immediate vicinity.
- There are two access methods to the venue: "Hannover Messe/Laatzen station" of German National Rail (DB), or "Messe North station" of U Bahn (tram).
- There is a moving walkway from the DB station, and it is directly connected to the west entrance. The west entrance is adjacent to hall 13.
- CEBIT until last year (CeBIT till last year) was held in March, it was still held in cold season. From this year it will be held in June and it will be a great tourist season throughout Europe, including Germany.
- Germany in June time zone is GMT+2.
